[^] Federal Poverty Level, based on household size & income

* % of procedure fees as listed in RFHN Dental Fee Schedule

Frequently Asked Questions

What is a Sliding Fee Scale?

A Sliding Fee Scale (SFS) bases the amount you are charged for the dental services you receive on the size and income of your household. Please see the front of this flier for SFS categories.

What services does the SFS discount cover?

For eligible patients, the SFS discount applies to all dental procedure and visit fees, with the exception of lab fees related to bridges, crowns, dentures, and partials. SFS discounts may also be applied to treatments not covered by your health plan. Fees are taken from the Ravenswood Family Dentistry Fee Schedule. More information about the Fee Schedule can be found at the Ravenswood Family Dentistry Front Desk.

What services are not covered by the SFS discount?

Lab fees for bridges, crowns, dentures, partials, and other oral appliances or prosthetics are not included in the SFS discount program, and are charged at cost. Because these items are custom-made for each patient, we are unable to estimate costs off hand.

Ravenswood Family Dentistry patients must pay all visit fees at the time of visit.

Please see the Front Desk if you have a Dental Emergency.

Lab costs must be paid in full before receiving oral appliances and/or prosthetics.

Please see the Front Desk for details.

What are the SFS discounts for Medical Services and/or Pharmacy?

Ravenswood Family Health Center and Ravenswood Family Health Center Pharmacy have separate Sliding Fee Scales – please see Eligibility & Enrollment for more information.

How can I become a patient?
